Qualifications:

I have served on the Planning Commission of Cedar Hills for the last 2 years. During this time I have worked with the other commissioners to keep our commercial development at the highest standards and helped to make it a safe environment for our community. My priorities on the commission have always been with the safety and well being of the residents first, regardless of where they live in relation to the areas under discussion.

In addition to the Planning Commission I have served for the last 4 years on the Board of Directors of the Utah Valley Symphony as the Business Manager. This tenure has taught me how to manage budgets for a non-profit organization, and how to work and interact with the other board members to keep the organization's priorities in order rather than fulfilling personal agendas.
