

NOTICE OF IMPACT FEE MEETING FOR THE CITY OF CEDAR HILLS

As previously noticed on September 17, 2013, the City of Cedar Hills is working through the process of updating its impact fees for the following capital facilities:

- Culinary Water
- Transportation
- Sanitary Sewer
- Public Safety (Fire and EMS); and
- Parks and Recreation

The City is committed to establishing fees that are fair and accurate, and that reflect the true costs that new development places on these facilities. We consider residents a valued stakeholder and would greatly appreciate their input and participation in this process. Therefore, we have scheduled a public meeting to be held at the Community Recreation Center for the purpose of giving an overview of the impact fee process, providing residents an opportunity to meet with our consultants and the city, and provide feedback. Our consultants on this project are Zions Bank Public Finance and Bowen Collins & Associates.
