(Maximum closure of 4 hours)

- Must coordinate street closure with Public Works Department during business hours, 7 days in advance of closure.
- Must maintain local street access for residents affected by closure.
- Do not block street with cars, rope, garbage cans etc.
- City will provide cones and/or candlesticks for closure.
- Applicant will be responsible to collect and maintain the condition of traffic control devices and return them to the City within the next business day or pay for the value of lost or damaged devices.
- Street may not be closed road for more than four hours.
- Applicant will be responsible for any damage done to street, traffic control devices, and or public and personal property.
- Deposit refund will be remitted after street inspection and return of traffic control devices.

I agree to comply with the above requirements, all applicable State and Federal Laws, all Cedar Hills City Standards, Specifications, Ordinances and other applicable requirements.
